**Next meeting is Wednesday, January 18, 2006, 9:30 a.m., at Lincoln Library, Springfield, IL**

**Immediately following the User's Group meeting, Steve Look, from Monticello Micro, will demonstrate Knoppix. Knoppix is a bootable CD product that libraries might want to consider for their public access computers. It allows for Internet access, word processing, etc., but will not allow patrons to write to the hard drive. The demo will last approx. 1/2 hour, and Steve will be available for questions following his presentation.**
