

Copyright for the Special Librarian

March 13, 2007
9:30 AM - 12:00 PM
Rolling Prairie Library System

After an overview of the copyright law and its impact on special libraries, specific questions, based on the needs of the special librarian, will be discussed. Examples of topics include the use of Arial software and how it affects copyright, dissemination of information to others by copying the title page and sending it to others, and when can you legally copy articles from a journal in order to disseminate the needed information?

If you have specific copyright questions, please submit them to Bev Obert at bevo@rpls.ws by Monday, Feb 26, 2007.

Rebecca Butler of Northern Illinois University will be our speaker. Rebecca is the Associate Professor Educational Technology, Research and Assessment and is the advisor for School Library Media Certification/Endorsement. She holds an MSLS from the University of Kentucky and a PH.D. from the University of Wisconsin at Madison. She is the author of *Copyright for Teachers and Librarians* published by Neal-Schuman in 2004.
